

VINIT NIWALKAR

Software Engineer | Full Stack Web Developer

+917020674660 vinitniwalkar804@gmail.com vinit-niwalkar-ai vinitniwalkar804-design Portfolio Amravati, India

PROFESSIONAL SUMMARY

Full Stack Web Developer skilled in the **MERN stack** (React.js, Node.js, Express.js, MongoDB) with hands-on experience building scalable, role-based web applications featuring **authentication**, **REST APIs**, and **AI-assisted features**. Experienced in developing end-to-end projects that integrate frontend, backend, databases, and **AI/ML technologies**. Completed virtual internships in **full-stack development**, **AI/ML**, **generative AI**, **cybersecurity**, and **database management**.

WORK EXPERIENCES

Virtual Internship Programs | Internship

Jul 2025 - Present

EduSkills

Remote

- Completed **7 EduSkills virtual internship programs** covering Python Full Stack Development, AI/ML, Generative AI, Networking, SQL & DBMS, and Cybersecurity.
- Completed assigned **assessments and coursework**, gaining exposure to full-stack development, AI, databases, networking, and cybersecurity.

Technologies / Skills Used : Python, SQL, AI/ML, Generative AI, Networking, Cybersecurity, Ethical Hacking

PROJECTS

FindLink | Github

Aug 2026 - Present

Developer

- Developed a full-stack missing-person platform supporting **4 user roles** — families, citizens, police, and administrators — for reporting, searching, and managing cases.
- Implemented **AI-assisted face matching** using OpenCV to identify potential matches between missing and found-person records.

Technologies / Tools Used : React.js, Node.js, Python, MongoDB

InterviX-AI | Github

Sep 2026 - Present

Developer

- Developed an AI-powered interview platform with **3 core modules** for conducting interactive mock interviews and evaluating candidate performance.
- Built AI-assisted interview workflows with a MERN backend for managing candidate data, interview sessions, and performance information.

Technologies / Tools Used : React.js, Node.js, MongoDB, AI

EduRise | Github

Sep 2026 - Present

Developer

- Developed a full-stack learning platform with **5+ core modules** for courses, subjects, documents, PYQs, AI assistance, and job preparation.
- Implemented secure authentication and profile management using **JWT and bcrypt**, with MongoDB/Mongoose for persistent data storage.
- Built a structured frontend-backend architecture with **15+ API endpoints** for managing learning resources, user data, and progress.

Technologies / Tools Used : HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

CINEMAX | Github

Apr 2026 - Present

Developer

- Developed a responsive movie theater seat booking system that allows users to browse movies, select seats interactively, and book tickets online.
- Implemented user and admin modules for ticket booking, seat availability monitoring, and booking record management using Node.js, Express.js, and MongoDB.

Technologies / Tools Used : HTML, Tailwind CSS, JavaScript, Node.js, Express.js, MongoDB

SKILLS

Databases :	MongoDB, SQL, MySQL
Frameworks & Libraries :	React.js, Node.js, Express.js
Languages :	English, Hindi
Programming Languages :	C, C++, Java, Python, JavaScript, R
Soft Skills :	Communication, Time Management, Teamwork, Decision Making, Leadership
Tools & Platforms :	Git, GitHub, GitHub Actions, VS Code

EDUCATIONS

P. R. Pote Patil College of Engineering & Management | Amravati

Expected 2028

Bachelor of Technology (B.Tech)

CGPA : 8.7/10

- Currently pursuing a **Bachelor of Technology (B.Tech)** in **Artificial Intelligence & Data Science** at P. R. Pote Patil College of Engineering & Management, Amravati, with a **CGPA of 8.7/10**, expected graduation in **2028**.
- Completed HSC (12th) from Maharashtra State Board with **72%, 2024**.
- Completed SSC (10th) from Maharashtra State Board with **80%, 2022**.
